

ARSHAN ALI KHAN

Candidate for Regional Coordinator | Lucknow Region

"From Concrete to Cloud, Building Community"

Our Mission for the Student Community

Connected

Supportive

Action-Driven

Who Am I?

Why Contest?

Vision

Action Plan

Beyond Academics

My Promise

Who Am I?

Education

Dual-degree student: BS Data Science and Applications at IIT Madras and B.Tech CSE at AKTU, with a Civil Engineering Diploma from AMU.

Focus

Working at the intersection of AI and civil engineering - laid foundations with Civil, built logic with Code, and found insight through Data, engineering the future from ground to cloud.

Roles at IITM

Graphic Designer, Content Creator, and Outreach, since mid-2025.

Memberships

Student member of ASCE, ACI, and ICE, with 20+ publications. Selected for the Stanford Faculty Mentorship Cohort and HBS Foundry (Harvard Business School's entrepreneurship platform).

Track Record

Organized the first-ever Saranda House meetup at Bareilly. Invited by IIT Madras itself for a podcast feature on my achievements.

Why Am I Contesting?

Core Objectives

Listen First

Bridge the Gap

Direct Feedback

Constant Support

Active Representation: Every student deserves a representative who listens before speaking and acts before making promises.

Connecting Students: Some students miss updates or hesitate to ask questions. I want to bridge that gap for the Lucknow region.

University Intermediary: I want to improve communication between students and the Saranda House Council.

Actionable Feedback: I want every student's concern and suggestion to reach the right people.

Always Available: I want every student to know that help is always within reach.

My Vision for Lucknow Region

Connected Community: Build a welcoming student community where everyone feels connected regardless of location.

Peer Collaboration: Create a culture of collaboration instead of competition through peer learning.

Regular Meetups: Continue that momentum with more regional gatherings across the Lucknow region.

Respectful Dialogue: Promote respect, inclusion, and positive communication in every interaction.

Active Participation: Build a region where every student feels confident to ask questions and share ideas.

Core Pillars

Inclusive Community

Peer Collaboration

Consistent Communication

Active Presence

My Action Plan

Regional Meetups

Continue organizing offline meetups across the region, with sharper focus on tech events and sports meetups so students can meet and collaborate in person.

Taking inspiration from tech and sports meetups happening at IIT Madras and Delhi, I will reach out to fellow regions and approach big tech companies to host or co-host our next meetups.

Communication

Send regular updates for assignment deadlines, exams, notices, and university announcements, so nobody misses a deadline.

Student Support

Be available to guide students with academic and general queries, and connect them with the right resources whenever they need help.

Beyond Academics

Technical Events: Promote hackathons, workshops, and webinars across the region.

Emerging Technologies: Encourage students to learn cutting-edge skills such as AI and data science.

Mentorship & Sharing: Connect juniors with seniors to facilitate structured mentorship and knowledge sharing.

Networking Sessions: Organize interactive sessions to help students build strong professional connections.

Celebrate Achievements: Recognize student success and promote active participation in community initiatives.

Key Focus

Practical Skills

Future-Ready

Peer Support

Active Presence

My Promise to Every Student

Honesty, Commitment & Effort

I cannot promise perfection, but I promise honesty, commitment, and consistent effort.

Transparency & Accountability

I will always remain approachable, transparent, and accountable.

Active Listening

Every suggestion will be heard. Every genuine concern will receive attention.

Students First

Students will always come first in every decision I make.

Together, let's build a Lucknow Region that is more connected, informed, supportive, and future-ready.
